- **Calendar System with Events and logs**

VOLUNTEERING & LEADERSHIP

I have volunteered in many donation campaigns.

- At the IT club in Sagarmatha College and in CCRC we collaborated with other clubs to collect and **donate a large sum** to an **organ transplant patient** and **educational materials to AIDS infected children**. We regularly collaborated with other clubs to host **blood donation programs** in and out of college premises.
- During my school days I had the opportunity to be the **head boy** of my school which gave me the room to help those in need and also maintain discipline in school grounds. I also got a chance to take part in a **national inter-school competition** where I secured **2nd position in Extempore** (Public Speaking).
