- Sound knowledge and experience in working with Arduino and Raspberry Pi.

PROJECTS

- Line following robot.
- DIY home light
- Dunga
- WP Code Generator
- Auto Deploying Staging Site

VOLUNTEERING & LEADERSHIP

I have volunteered in many donation campaigns.

- At IT club we collaborated with another club to collect and donate large sums to an organ transplant patient and educational materials to AIDS infected children's homes.
- During my school days I had the opportunity to be the **head boy** of my school which gave me the room to help those in need and also maintain discipline in school grounds.
